Get hired.

About Eduden

Welcome to Eduden — where we've thrown boring education out the window and replaced it with hands-on learning, real-world skills, and a vibe that actually makes sense in 2026.

We're not your grandma's school (unless she's into coding, design, and memes). At Eduden, we're flipping the traditional classroom upside down. No whiteboards full of buzzwords. No endless theory. Just solid skills, taught by international trainers, that get you job-ready fast.

Whether you want to be a freelance graphic designer, a Python wizard, a networking pro, or a UI/UX boss, we've got your back. Our hybrid courses (online + offline) are packed with real projects, 100+ practical tasks, and mentorship that doesn't feel robotic. You'll be creating, building, and earning while still laughing at our bad jokes.

And the best part? We don't just teach you and send you off.

WordPress Mastery: Build, Design & Sell – 90 Days Hands-On Training with Elementor + WooCommerce

This course title is catchy, SEO-rich, and covers everything from site-building to eCommerce — perfect for attracting beginners, aspiring freelancers, or small business owners. It includes relevant keywords like:

- WordPress course with Elementor in India
- best WooCommerce training in Kolkata
- WordPress website building course for beginners
- learn WordPress and WooCommerce from scratch
- Elementor website design course India
- eCommerce website creation training West Bengal
- WordPress development course with SEO and blogging tools
- Eduden WordPress and eCommerce training program
- start freelancing with WordPress in India

Course Objective

Want to build websites without writing code and start making money from day one?

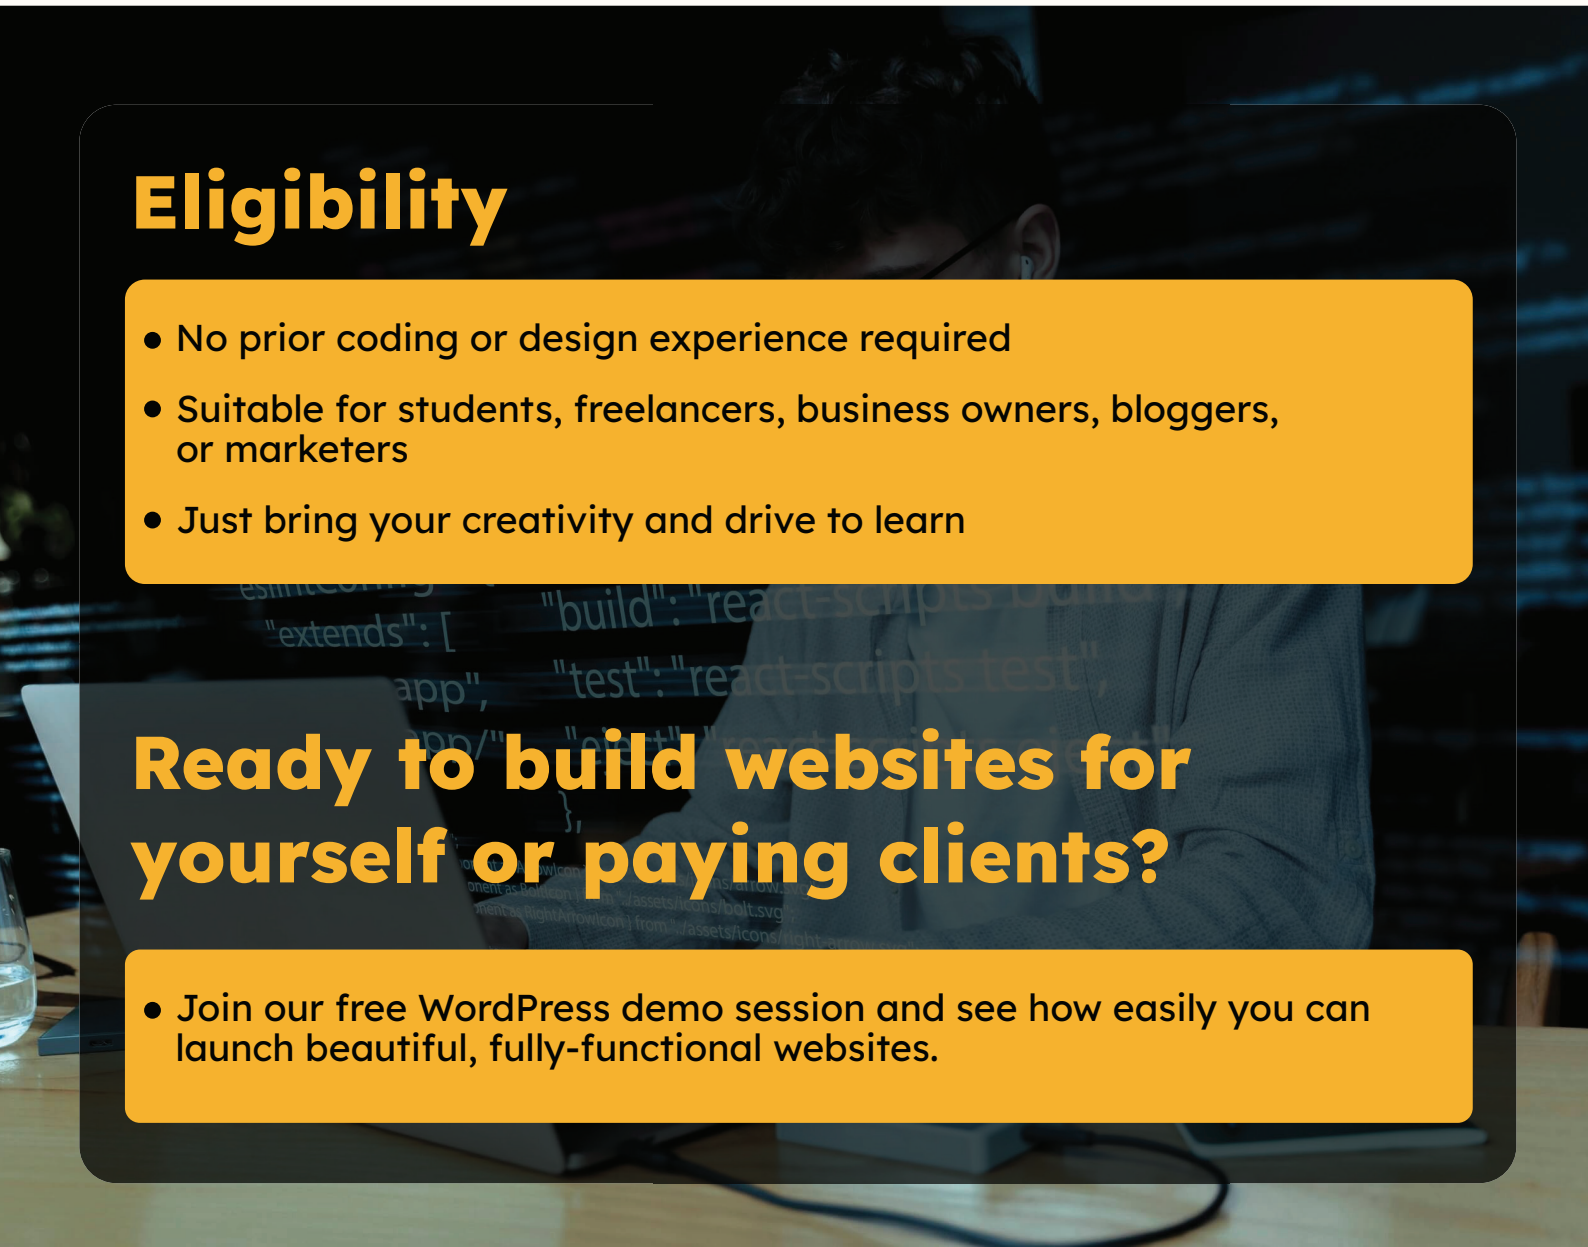

Welcome to Eduden's WordPress Mastery course — a 90-day practical training where you'll learn how to build stunning websites, design like a pro with Elementor, and launch your own eCommerce store with WooCommerce.

This is the perfect course for freelancers, digital marketers, small business owners, or students who want to enter the booming web design and eCommerce world — fast.

No coding? No problem. We'll walk you through everything from domain setup to launching your first product — all using WordPress, Elementor, and WooCommerce.

If you're looking for the best WordPress and WooCommerce training in Kolkata, West Bengal, or across India — this is your all-in-one launchpad.

Duration 90 Days	Lectures 50+	Projects 5+

Eligibility

- No prior coding or design experience required
- Suitable for students, freelancers, business owners, bloggers, or marketers
- Just bring your creativity and drive to learn

Ready to build websites for yourself or paying clients?

- Join our free WordPress demo session and see how easily you can launch beautiful, fully-functional websites.

Course Overview

Over 90 days, you'll master the complete WordPress ecosystem — from installing and customizing themes to designing full websites with Elementor and setting up secure online stores with WooCommerce.

We'll also cover SEO, plugins, blogging, security, speed optimization, payments, and automation — all hands-on, all beginner-friendly.

By the end, you'll walk away with real client-ready websites, a personal portfolio, and the skills to freelance or build your own online business.

Assignments

Website tasks, plugin experiments, page design drills, and real-world eCommerce simulations — all with instructor feedback.

Quizzes

Quick-check quizzes on WordPress structure, plugin use, theme customization, and page-building logic.

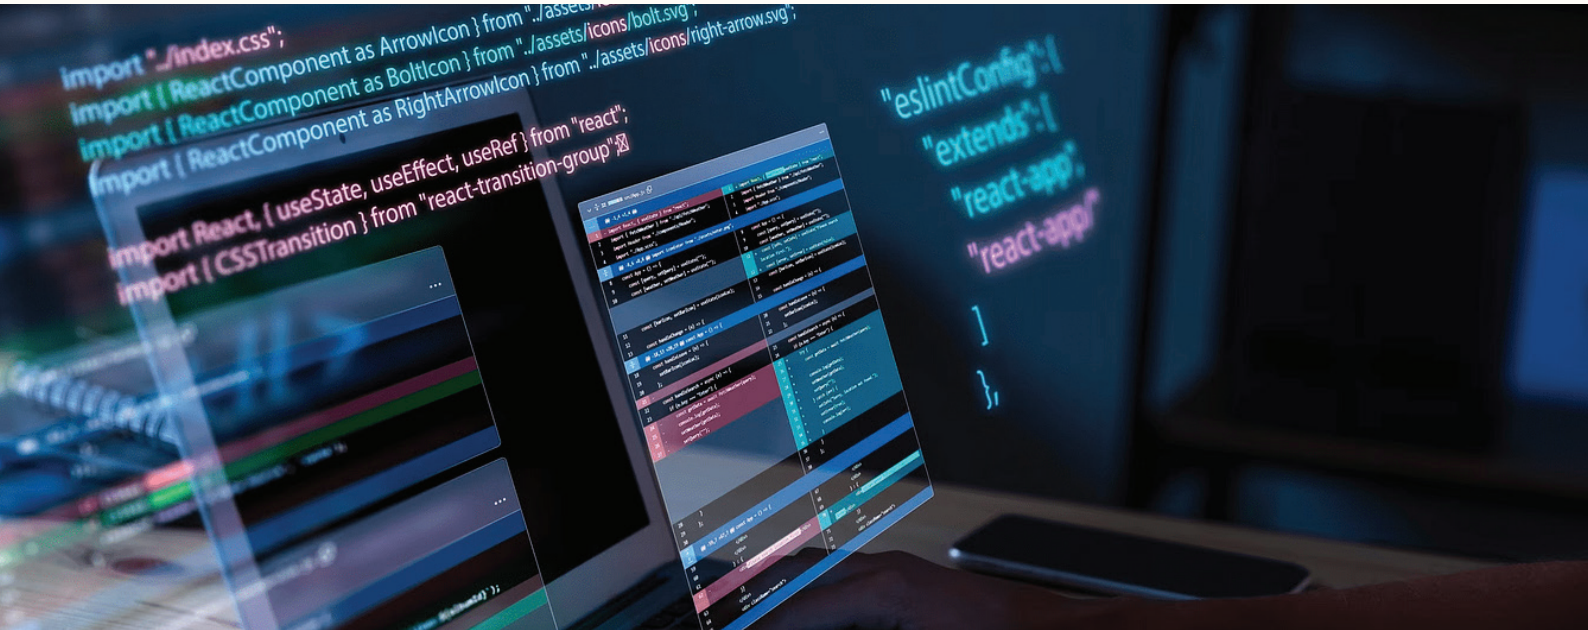

Live Sessions

Weekly code-free design reviews, speed optimization workshops, and portfolio walkthroughs with mentors.

Projects

You'll build at least 5 real websites:

- Personal Portfolio Site with Blog
- Business Website with Contact & Service Pages
- Landing Page for a Local Brand
- Full WooCommerce Online Store with Payment Integration
- Final Capstone: Client-style Project with SEO, Blog, Store & Custom Forms
